

Tohoku Journal of Natural Disaster Science

Volume 50

March, 2014

ARTICLES

	Page
Characteristic of gust at the surface wind under typhoon passing..... Akira Watanabe and Ayaka Sato	1
Thermal expansion model for gravity change at Akita-komagatake volcano..... Choro Kitsunezaki	7
A study of earthquake disasters appeared on the archived documents at Konoura-town, Yuri-county of Akita Prefecture - Focused on the Akita Senboku earthquake of 1914..... Toshihiko Mizuta and Hiroshi Kagami	13
Estimation of S-wave velocity structures in Rikuzen-Takata City by microtremor observations..... Hidekazu Yamamoto, Wataru Asada and Tsuyoshi Saito	19
Estimation of S-wave velocity structures in Ichinosaki City by microtremor surveys using a miniature array..... Yoko Ube, Hidekazu Yamamoto and Tsuyoshi Saito	25
Characteristics of observed ground motion around Noheji-machi, Aomori Prefecture in Japan..... Shunichi Kataoka and Ayumi Shikanai	31
Fundamental study on amplification characteristics of earthquake ground motion around the area with a shallow seismic bedrock..... Yuto Hori and Susumu Nakamura	37
Fragility curve of the expressway on embankment based on the damaged data due to the 2011 off the Pacific coast of Tohoku Earthquake... Susumu Nakamura	41
Fragility curve of the bridge member at National road based on the damaged data due to the 2011 off the Pacific coast of Tohoku Earthquake..... Susumu Nakamura, Toshiya Kawamae and Satoshi Sasaki	45
Ground motion characteristics and structural damage distributions in Sendai based on the damage surveys for the 2011 Tohoku earthquake..... Susumu Ohno, Shingo Yoshimura and Akihiro Shibayama	49
A study on the effect of earthquake damage to building structures before the arrival of the tsunami..... Shingo Baba and Naofumi Teramoto	53
An evaluation of the dynamic properties of traditional wooden shrines located in Yurihonjo, Akita..... Carlos Cuadra	57
Basic research on damage mechanism of RC frame with steel roof structure..... Atsushi Suzuki, Tomomi Fujita, Masayuki Handou and Junichi Shibuya	63
Building damage due to the Tornado in Saitama, Chiba and Ibaraki Prefectures on September 2, 2013..... Mai Takahashi, Namseok Kim, Yumi Iida and Yasushi Uematsu	69
Characteristics of heavy rainfall disaster in Yamagata Prefecture on July 2013, a case study at Tsukinuno River..... Mai Takahashi, Namseok Kim, Yumi Iida and Yasushi Uematsu	75
Characteristics of heavy rainfall disaster in Akita and Iwate Prefectures on August 2013..... Shuichi Kure, Shuji Moriguchi, Miwa Kuri, Yoshi Abe, Carine Yi, Keiko Udo and Akira Mano	81
An example of damage to railway embankment in the Akita-Iwate heavy rain on 9 August, 2013 and its lessons..... Hideo Matsutomi, Kazuya Watanabe, Asami Itoh and Genki Kettoku	87
Survey on the flood and debris flow at Akita..... Tasuku Saitou, Takahiro Fukuda and Kazuya Watanabe	91
Characteristic of short period heavy rain that appear over the Tohoku Region..... Yuya Suzuki and Akira Watanabe	97
Toward identification of structure and parameter of rainfall-runoff model by using hydrograph separation..... Kentaro Haga, Syuhei Kobayashi and Yoshiyuki Yokoo	103
Front inundation depth, sliding-overturning condition and decrease in tsunami horizontal fluid force of RC building with aperture..... Hideo Matsutomi, Tomomi Shimazu and Genki Kettoku	109
Change pattern of vertical tsunami fluid force acting on RC building with aperture..... Hideo Matsutomi, Shunsuke Naganuma and Genki Kettoku	115
Strength of coastal black pine tree against tsunami viewed from working height of horizontal force, life-death and growing place..... Hideo Matsutomi, Kenji Harada, Hiroshi Kamozawa, Genki Kettoku and Tomomi Shimazu	121
Hydraulic experiments on velocity-fields behind coastal dikes during tsunami overflow..... Yuta Mitobe, Nguyen Xuan Dao, Mohammad Bagus Adityawan and Hitoshi Tanaka	127
Validation of a numerical model for tsunami waves overtopping a coastal embankment..... Nguyen Xuan Dao, Mohammad Bagus Adityawan and Hitoshi Tanaka	133
Research on tsunami propagated into river, and relationship between topographical formation and suspend sediment transport..... Yuma Munakata, Kazuhiro Konno, Masahiro Tokuda and Seiki Kawagoe	139
Numerical analysis of tsunami wave intrusion into a river..... Min Roh, Mohammad Bagus Adityawan and Hitoshi Tanaka	145
Analysis of the geomorphic change around the revetment due to the Tohoku-Pacific Ocean Earthquake and Tsunami..... Tsuyoshi Nagasawa, Hitoshi Tanaka and Yousuke Ookubo	151
Bed morphology change of Southern Sendai Coast from 2001 to 2013..... Maya Takamura, Keiko Udo, Yuriko Takeda and Akira Mano	157
Changes in morphology on Sendai Coast and its problems after the 2011 tsunami..... Hoang Vo Cong, Yuta Mitobe and Hitoshi Tanaka	163
Application of bathymetry for estimating of sea bottom subsidence in Ishinomaki due to the 2011 East Japan Earthquake..... Hitoshi Tanaka, Nguyen Xuan Dao and Mohammad Bagus Adityawan	169
Morphological change of Gamo Lagoon due to the 2011 tsunami and its recovery..... Hitoshi Tanaka, Yuta Mitobe and Mohammad Bagus Adityawan	175
Estimation of land subsidence induced by a mega earthquake using water level data..... Mohammad Bagus Adityawan and Hitoshi Tanaka	181
A literature review and a proposal toward precise numerical simulation of soliton fission wave..... Kenta Sato and Yoshiyuki Yokoo	187
Exploring the relationships between low-flows and physiographic watershed characteristics..... Kensyu Harada and Yoshiyuki Yokoo	193
Imaging technique for measuring 3D distribution of suspended sediment concentration with color pattern illumination..... Yuiuchi Sato and Yoshiyuki Yokoo	199
Research on sediment dynamics types for basin scale in Japan..... Yosuke Imada, Yuta Mitobe and Hitoshi Tanaka	205
Variability and its modeling of Cs-137 concentration in the dehydrated sewage sludge in Fukushima..... Keisuke Ito, Yuri Esaka and Seiki Kawagoe	211
Analysis of sediment yield and sediment deposition in Lake Tuni, Bolivia..... Naoya Miura and Yoshiyuki Yokoo	217
Research on characteristic relationship between landform and suspended sediment in Tuni lake..... Gabriela Sossa Ledezma, Hitoshi Tanaka and Francisco Rojas Illa	223
River bed variation in Prong River in Indonesia due to sediment inflow from mud volcano..... Naoya Imazumi, Fabiana Mercado and Seiki Kawagoe	229
..... Fumiaki Mori, Yuta Mitobe, Shuichi Kure, Suntoyo, Makoto Umeda, Hitoshi Tanaka, Keiko Udo and Akira Mano	235
Aquatic environment of Porong River downstream of inflow from mud volcano..... Makoto Umeda, Fumiaki Mori, Hitoshi Tanaka, Shuichi Kure and Suntoyo	241
Relationship between quantity and quality of surface water flowing into the Bisayamon Pond during a snowmelt season..... Jun Miura, Yasuyoshi Watanabe, Yoshiyuki Yokoo and Shiho Yabusaki	245
Rain fall characteristics of 2013 Jakarta flood and flood countermeasures private company..... Yo Fukutani, Shuichi Kure, J. D. Bricker and Abdul Muhari	251
Evacuation decision during the flood: a case from the 2013 Jakarta flood..... Abdul Muhari, Shuichi Kure, Jeremy D. Bricker and Yo Fukutani	257
Questionnaire survey on tsunami and earthquake of self-governing bodies of the coastal cities and towns along Akita Prefecture (II)..... Mitsuo Nogoshi and Koji Sato	263
Practical education program for improving response capability to survive from natural disaster..... Mari Yasuda, Fumihiko Imamura and Anawat Suppari	269
Study on education of the disaster reduction from regional characteristics in Akita Prefecture..... Asami Ito, Takanobu Kamataki and Kazuya Watanabe	275
Questionnaire survey of the tsunami disaster prevention focused on the commuting time of the students at Akita National College of Technology..... Shoma Hoshino and Naohumi Teramoto	281
Implementation of "Reconstruction Map Making Program" at Kazuma elementary school in Ishinomaki-City..... Eriko Tokuyama, Aiko Sakurai, Yoshiyuki Murayama and Takeshi Sato	287
Process and age of the mega mass movements on the eastern slope of Mt. Okiniwayama facing to the Oguni Basin, Yamagata Prefecture, Japan..... Takayuki Kawabe, Satoko Takanashi, Fumi Takahashi and the students of the first team of "Study of areal culture" class in 2011, 2012, 2013	291
